

Veg box packaging

Here's how to minimise what packaging goes to waste.

This is where our veg box packaging is at now. By the end of 2020, our veg boxes and fruit & veg will be 100% plastic free.

WHAT TO DO	WHAT PART OF THE BOX	WHY WE USE IT
RETURN Please leave these items out before your next delivery; we'll collect them to reuse.	 MAIN BOXES	To keep the contents of your delivery together and protected.
	 CHILL BAGS, WOOL LINER & ICE PACKS	To keep chilled items at the right temperature.
	 WEATHERPROOF BOX COVERS	To protect your box and its contents from rain.
RECYCLE Put in your kerbside recycling if your local council accepts them (if not, return to us to be recycled).	Both recyclable & compostable  PAPER BAGS	To portion and protect veg, and to keep heavy things like potatoes from rolling around and damaging fragile items.
	 PLASTIC BAGS	To protect succulent fruit and veg (such as leafy greens) from dehydration, preventing food waste.
	 PLASTIC PUNNETS (EXCLUDING CLEAR FILM)	To protect fragile fruit, such as strawberries, from damage and dehydration, preventing food waste.
	 PLASTIC PUNNETS	
	Both recyclable & compostable  PAPER PUNNETS	To protect small, fragile fruit and veg from damage and dehydration, preventing food waste.
COMPOST Add these to your home compost heap or kerbside compost bin. Don't compost at home? Return them to us.	Both recyclable & compostable  PAPER PUNNETS	To protect small, fragile fruit and veg from damage and dehydration, preventing food waste.
	 BEECH NETS (EXCLUDING CLIPS)	To portion fruit and veg like onions and citrus, and keep them together.
	Both recyclable & compostable  PAPER BAGS	To portion and protect veg, and to keep heavy things like potatoes from rolling around and damaging fragile items.
GENERAL WASTE Unfortunately these items aren't currently recyclable. Please add to your general waste. *Check your local waste policy to see if these can be recycled.	Reuse these at home  ELASTIC BANDS	To portion veg like spring onions and bunched carrots.
	 FILM FROM PUNNETS	To seal the punnets we use to protect fragile fruit and veg. No recyclable film is currently available.
	 CLIPS FROM BEECH NETS	To hold shut the compostable nets that we use to portions items like citrus and onions.

When we use ingredients made by other suppliers, please follow the instructions on the packaging.
